## Notes to Financial Statements

### 1. Description of the Plan

The following description of The Capital Accumulation Plan for the Employees of The Fidelity Bank (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Beginning on January 1, 2008, employees of The Fidelity Bank (the "Company") who were hired after July 31, 2007 are not eligible to participate in the Plan. These employees are eligible to participate in The Enhanced Capital Accumulation Plan for the Employees of The Fidelity Bank ("Enhanced Plan").

#### **General**

The Plan is a defined contribution plan covering all full-time employees of the Company who had one month of service prior to July 31, 2007. The Retirement Plan Committee of the Board of Directors of the Company controls and manages the operation and administration of the Plan. Great-West Trust Company, LLC serves as the trustee of the plan (the "Trustee"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and will adopt several of the provisions regarding the expansion of allowed Plan distributions, the repayment of loans and the suspension of required minimum distributions.

#### **Contributions**

Each year, participants may contribute compensation, as defined in the Plan document, subject to certain Internal Revenue Code ("IRC") limitations. Effective August 1, 2016, the Plan was amended to permit after-tax Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. After one year of service, the Company contributes a matching contribution of 100% of the first 3% of base compensation that a participant contributes to the Plan and 50% of the next 3% of base compensation that a participant contributes to the Plan. Contributions are subject to certain limitations. The Plan permits the Company to make discretionary contributions. No such contributions were made for the year ended December 31, 2020.

#### **Investment Options**

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, common collective trust funds, and a money market fund as investment options for participants.

#### **Participant Accounts**

Each participant's account is credited with the participant's contributions, the Company's contributions and allocations of Plan earnings. Accounts may be charged with benefit payments and allocations of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**The Capital Accumulation Plan for the Employees of The Fidelity Bank**  
**Notes to Financial Statements**

---

***Vesting***

Participants are vested immediately in their contributions and once eligible, the Company's contributions plus actual earnings thereon.

***Notes Receivable From Participants***

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with prime rate plus 1%, as determined by the Plan administrator for loans entered subsequent to August 7, 2016. For loans entered prior to August 7, 2016, the loans bear interest at rates commensurate with prime rate plus 2%. Principal and interest are paid ratably through payroll deductions. Loan terms are not to exceed five years, with the exception of principal residence home loans which may be fixed for a period exceeding five years. At December 31, 2020, outstanding loans bore interest rates ranging from 4.25% to 6.50%.

***Payment of Benefits***

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or installments over a period of not more than the participant's or the participant's and the beneficiary's assumed life expectancies.

***Administrative Expenses***

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

**2. Summary of Significant Accounting Policies**

***Basis of Accounting***

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

***Estimates***

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates and assumptions.

***Investment Valuation and Income Recognition***

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants is recorded on the accrual basis. Other interest income is recorded on an accrual basis. Dividends

**The Capital Accumulation Plan for the Employees of The Fidelity Bank**  
**Notes to Financial Statements**

---

are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes Receivable From Participants**

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

**Payment of Benefits**

Benefits are recorded upon distribution.

**Subsequent Events**

The Company has evaluated subsequent events through July 19, 2021, the date the financial statements were available to be issued.

**3. Unaudited Information Certified By Trustee**

The accompanying financial statements include the following unaudited information as of December 31, 2020 and 2019 and for the year ended December 31, 2020, which was obtained from data prepared and certified to be complete and accurate by the Trustee:

	<u>2020</u>	<u>2019</u>
Investments at fair value	<u>\$ 12,355,443</u>	<u>\$ 11,686,730</u>
Notes receivable from participants	<u>\$ 201,303</u>	<u>\$ 272,194</u>
Net appreciation in fair value of investments	<u>\$ 1,369,122</u>	
Interest and dividends	<u>\$ 92,719</u>	
Interest income on notes receivable from participants	<u>\$ 13,521</u>	

**4. Fair Value Measurements**

Fair value, as defined under U.S. GAAP, is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value.

These tiers include:

**Level 1:** Observable inputs such as quoted prices in active markets.

**Level 2:** Inputs other than quoted prices in active markets that are either directly or indirectly observable.

**The Capital Accumulation Plan for the Employees of The Fidelity Bank  
Notes to Financial Statements**

---

**Level 3:** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2020 and 2019. The following is a description of the valuation methodologies used for assets measured at fair value:

***Mutual funds***

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

***Common collective trust funds***

These funds are valued at the net asset value ("NAV") of units of the collective fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer does not reserve the right to require advanced notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

***Money market fund***

Money market funds are public investment vehicles for which quoted prices are available, however they are not in active markets for identical instruments. The fund seeks to maintain stable value investments regardless of market conditions. There are no unfunded commitments, redemption frequency restrictions, or other redemption restrictions.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of December 31, 2020 and 2019:

	<b>Assets at Fair Value as of December 31, 2020</b>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 6,186,335	\$ -	\$ -	\$ 6,186,335
Money market fund	-	1,598,143	-	1,598,143
Total assets in the fair value hierarchy	<u>\$ 6,186,335</u>	<u>\$ 1,598,143</u>	<u>\$ -</u>	7,784,478
Investments measured at NAV (a)				<u>4,570,965</u>
Investments at fair value				<u>\$ 12,355,443</u>

The Capital Accumulation Plan for the Employees of The Fidelity Bank  
Notes to Financial Statements

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,730,553	\$ -	\$ -	\$ 5,730,553
Money market fund	-	1,597,384	-	1,597,384
Total assets in the fair value hierarchy	<u>\$ 5,730,553</u>	<u>\$ 1,597,384</u>	<u>\$ -</u>	7,327,937
Investments measured at NAV (a)				<u>4,358,793</u>
Investments at fair value				<u>\$ 11,686,730</u>

(a) In accordance with Topic 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019.

	Fair Value at December 31, 2020	Fair Value at December 31, 2019	Other Unfunded Commitments	Redemption Restrictions	Redemption Notice Period
Common collective trust funds	\$ 4,570,965	\$ 4,358,793	None	None	None

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## 5. Related Party Transactions

The Company is related through common ownership with First-Citizens Bank & Trust Company, as significant shareholders of the Company are also significant shareholders of the former trustee. For the year ended December 31, 2020, the Company paid First-Citizens Bank & Trust Company \$17,500, as investment advisor fees. Fees paid by the Plan to other service providers for administrative and recordkeeping services amounted to \$25,257 for the year ended December 31, 2020. These transactions qualify as exempt party-in-interest transactions under ERISA.

## 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Plan assets will be distributed to participants and beneficiaries in accordance with the Plan provisions and ERISA.

## **7. Tax Status**

The Internal Revenue Service ("IRS") has determined and informed the Company by letter dated June 28, 2017 that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan administrator believes that the Plan and its underlying trust are designed and are currently being operated in compliance with the applicable provisions of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## **8. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## **9. Covid-19**

In March 2020, the World Health Organization declared the outbreak and spread of COVID-19, a novel strain of Coronavirus, a pandemic. The coronavirus outbreak has had far reaching and unpredictable impacts on the global economy, supply chains, financial markets, and global business operations of a variety of industries. Governments have taken substantial action to contain the spread of the virus including mandating social distancing, suspension of certain gatherings, and shuttering of certain nonessential businesses.

There is significant uncertainty in the nature and degree of its continued effects on the Plan. The extent to which it will impact the Plan going forward will depend on a variety of factors including the duration and continued spread of the outbreak, impact on the Company's customers, employees and vendors, as well as governmental, regulatory and private sector responses. Further, the pandemic may have a significant impact on management's accounting estimates and assumptions.
