

The The Enhanced Capital Accumulation Plan for the Employees of The Fidelity Bank (the Plan) offered by THE FIDELITY BANK has fees associated with the services and resources provided by the Plan. This notice contains information about the fees, expenses, investment options and restrictions for the Plan. Log on to [principal.com](https://principal.com) or call us at 800.547.7754 to make changes to your account or request additional information.

The **Plan Fiduciary** is the individual(s) who has authority over the operation and administration of the Plan and its retirement funds. The Plan Fiduciary is typically your employer, and may also be called the Plan Sponsor. The Plan Fiduciary makes certain investment options available to you under the Plan. To help you make informed investment choices and for more information about the investment options (including investment objectives, performance and fees) available under the Plan, please review the attached Investment Option Summary or visit [principal.com](https://principal.com). You are responsible for directing the retirement funds to the options available in the Plan and can make changes to your mix by logging into your account at [principal.com](https://principal.com).

The **Plan Administrator**, who is also a Plan Fiduciary, has the authority over the operation and administration of the Plan. If you have questions about the investment options available under the Plan or would like paper copies of additional investment information, you can obtain this information on [principal.com](https://principal.com) or by contacting the Plan Administrator:

**THE FIDELITY BANK**  
**100 SOUTH MAIN STREET**  
**FUQUAY-VARINA, NC 27526**  
**919-346-2213**

**The following information is available upon request from the Plan Administrator (at no charge):**

- Copies of prospectuses (or any short-form or summary prospectuses) for applicable investment options
- Copies of any financial statements or reports, such as statements of additional information and shareholder reports, and of any other similar materials relating to the Plan's designated investment options
- A statement of the value of a share or unit of each designated investment option and the date of the valuation
- A list of the assets comprising the portfolio of each investment option which constitute Plan assets and the value of each asset (or the proportion of the investment which it comprises)
- The following information about each investment option (including fixed-return investment options) available under the Plan: issuer name, investment objective, principal strategies and risks, turnover rate, performance, and fee and expense information
- To the extent a group annuity contract under the Plan permits you to select an annuity guaranteed by an insurance company, a statement that the guarantee provided by the insurance company is subject to its long-term financial strength and claims-paying ability
- A description of the exercise of voting, tender and similar rights for an investment alternative and any restrictions on these rights can be found in the relevant Plan document or trustee powers section of the trust agreement

**ERISA Section 404(c)** — The Employee Retirement Income Security Act (ERISA) provides rules on the investment of retirement funds. THE FIDELITY BANK has chosen to qualify the Plan as an ERISA 404(c) plan and intends to comply by providing information for you to make educated investment decisions. Additionally, you may direct the investment of individual retirement accounts, choose from at least three diverse investment options, and change investment choices at least quarterly.

This means the Plan Fiduciary should not be liable for any investment losses that result from a participant's investment control, including a participant's election to use Target My Retirement®.

**Directing or transferring investment options** — Certain investment options may have restrictions. See the Investment Option Summary for details. You can direct or transfer retirement funds between the different investment options at least quarterly, but the Plan may allow for more frequent transfers and changes. To update investment elections for your current balance or future contributions, log in to your account at [principal.com](https://principal.com) or call us at 800.547.7754.

**Fees and expenses+** — For the current year, an annual Plan administrative expense of 0.1100% applies to your account balance. One-twelfth of the total amount will be deducted from your account balance each month.

Plan administrative expenses typically cover items such as recordkeeping, participant website access, participant statements, Plan compliance services and financial professional services.

There may be additional Plan expenses during normal Plan operation for services such as legal, auditing, other service provider, consulting or investment advice. The Plan Fiduciary determines how these expenses are allocated at the time the expenses are paid. These expenses are typically allocated among participants based on participant account balance, but may be allocated by dividing the total expenses to be deducted by the total number of participants in the Plan. You can view the dollar amount of applicable expenses under your account at [principal.com](https://principal.com) and on your statement.

- + If you have a balance in an investment that is excluded from the collection of expenses, we will collect the expense from the balances in other investments, beginning with the investment with the largest balance.

**Participant-level fees** — Participant transaction fees will be charged to your account balance for the services you choose to use. Participant transaction fees for the Plan include:

- **Distribution fee:** \$50.00
- **Distribution installment fee:** \$12.50 per quarter
- **Loan maintenance fee for new loans:** \$6.25 per quarter
- **Loan setup fee:** \$125.00
- **Qualified Domestic Relations Order fee:** \$220.00 Per hour for each Domestic Relations Order reviewed. The fee is divided between the participant and the alternate payee involved unless specified differently within the Domestic Relations Order or the Plan's administrative procedures.
- **Qualified Domestic Relations Order processing fee:** \$350.00 for each Domestic Relations Order processed. The fee is divided equally between the participant and the alternate payee involved unless specified differently within the Domestic Relations Order or the Plan's Administrative Procedures.
- **Wire transfer fee:** \$25.00
- **Fee for overnight mailing a check:** \$25.00
- **Stop payment fee:** \$25.00
- **402(g) refund fee (deferral contributions made in excess of IRS limit):** \$50.00

**Target My Retirement®** — You may elect a managed account service, Target My Retirement, which is subject to the same risks as the underlying asset class. With Target My Retirement, Morningstar Investment Management LLC, a registered investment advisor and subsidiary of Morningstar, Inc., will act at the fiduciary within the service and will invest and manage your retirement account based on your personal information, including age, gender, years to retirement, current salary, current savings rate, and account balance, and other personal and financial information that you provide to Morningstar Investment Management. The investment strategy is regularly monitored and rebalanced as you approach retirement, as your financial needs change, and as you update information about you through the Morningstar Investment Management website through your login at [principal.com](https://principal.com). **Projections and other information regarding the likelihood of various retirement income and/or investment outcomes are hypothetical in nature, do not reflect actual results, and are not guarantees of future results. Results may vary with each use and over time. Participants should continue to review investment information. Past performance is no guarantee of future results. All investments involve risk, including the loss of principal.** Please carefully review the disclosure document before investing. This may be accessed [here](#) or by requesting a copy from the Compliance department at Morningstar Investment Management at 312-696-6000.

While in the service, you will be unable to make transfers among the plan's eligible investment options (as defined in the Participant Agreement) and direct how new contributions are allocated. You may stop participation in the service at any time by calling 800.547.7754 or by logging into your account at [principal.com](https://principal.com). You should also log in to your account for additional important information about the service.

**Investment Objective & Risks and Return:** The Target My Retirement service seeks to achieve varying degrees of capital appreciation and capital preservation through a mix of equity and fixed income investments consistent with your circumstances. The service, and each allocation within the service, may be subject to equity market, foreign equity market, real estate market, foreign bond market, and domestic bond market risks, any of which could cause an investor to lose money. While the allocation for each individual may vary, the investments made for participants who are further from their anticipated retirement may involve greater risks than investments made for participants who are closer to retirement, due to the fact that investments made for participants who are further from retirement typically include a greater allocation to equity securities. Participants whose account assets are invested more heavily in equity securities are also subject to greater risk of market fluctuations. The actual allocation for each individual depends on several demographic and account factors. The factors include age, anticipated retirement age, the participant's current account balance, the participant's eligible income, the participant's current savings rate, gender (for life expectancy) and any additional assets held outside the Plan that the participant expects to use for retirement income purposes and that the participant has provided to Morningstar Investment Management.

**Fees and Expenses:** The fees and expenses associated with Target My Retirement consist of an asset-based service fee of .5% of Eligible Investment Options\* per year. The service fees are accrued daily and charged to your retirement accounts managed under the Target My Retirement service on a monthly basis. These fees are in addition to investment advisory and other fees charged by mutual funds and other investment options in which participant account balances are invested as well as recordkeeping plan administrative fees. **Note:** This fee is waived through 03/31/2025.

\* Investment options generally not eligible for inclusion in the service include but are not limited to company stock or other stock investments, self-directed brokerage account investments, and guaranteed interest accounts. You have responsibility for managing these retirement funds. Therefore, the fee will not apply to investment options that are not eligible for the service.

The Managed Accounts and Advice services presented through Target My Retirement are offered by Morningstar Investment Management LLC, a registered investment adviser and subsidiary of Morningstar, Inc., and are intended for citizens or legal residents of the United States or its

territories. The Morningstar name and logo are registered marks of Morningstar, Inc. Investment advice generated by Morningstar Investment Management is based on information provided and limited to the investment options available in the defined contribution plan. Projections and other information regarding the likelihood of various retirement income and/or investment outcomes are hypothetical in nature, do not reflect actual results, and are not guarantees of future results. Results may vary with each use and over time. The Morningstar name and logo are registered marks of Morningstar, Inc. Morningstar Investment Management is not affiliated with Principal®.

All investments involve risk, including the loss of principal. There can be no assurance that any financial strategy will be successful. Morningstar Investment Management does not guarantee that the results of their advice, recommendations or objectives of a strategy will be achieved.

Insurance products and plan administrative services provided through Principal Life Insurance Company®. This document provides important information to help you compare the investment options available to you under the retirement plan.

**Investment results shown represent historical performance and do not guarantee future results. Investment returns and principal values fluctuate with changes in interest rates and other market conditions so the value, when redeemed, may be worth more or less than original costs.** Current performance may be lower or higher than the performance data shown.

When you log into your account at [principal.com](https://principal.com) and click on Investments > Investment Performance, you can find the following to review investment information.

- The most recent month end performance on an investment option.
- To view asset class descriptions, scroll below the list of available investment options, then click on "View detailed descriptions of all asset classes."
- To view the description of a benchmark for a specific investment, click on the investment name, then Investment Option Profile and scroll to the bottom of the page.

Additional information available online includes, if applicable, the name of the investment option's issuer; the investment option's objectives or goals; the investment option's principal strategies, including a general description of the types of assets held by the investment option; the portfolio turnover rate; and the investment option's performance data and fee and expense information and a glossary of terms to assist you in understanding the designated investment options.

In situations where the net and gross total investment expense figures are different, the mutual fund or the underlying fund in which a Separate Account invests has waived/capped a portion of its management fees through the date displayed in the waiver expiration date or contractual cap expiration date column. Differences may also be shown due to the fund family choosing to pay certain expenses that would normally be payable by the fund. Returns displayed are based on total investment expense net.

Total Investment Expense - Gross is the current maximum expense ratio, as a percentage of assets that can be applied to this investment option. This does not represent the recordkeeping or individual transactional fees that can be deducted from or reduce the earnings for an investment under your account. However, it does include operating expenses, management fees, including 12b-1 fees, and administrative fees.

Total Investment Expense - Net; you will be responsible for this expense and it will be automatically taken prior to calculating performance. Total Investment Expense - Net is the Total Investment Expense - Gross expense ratio less any fee waivers, reimbursements or caps, if applicable. The expenses ratio, as a percentage of net assets, includes operating expenses, management fees, including 12b-1 fees, and administrative fees.

Expense Waiver/Contractual Cap - When gross and net expense ratios differ, the investment adviser may have agreed to waive certain expenses that would normally be payable by the fund or contractually agreed to limit the investment option's expenses.

Fees and expenses are only one of several factors that participants and beneficiaries should consider when making investment decisions. The cumulative effect of fees and expenses can substantially reduce the growth of a participant's or beneficiary's retirement account. Participants and beneficiaries can visit the Employee Benefit Security Administration's website for an example demonstrating the long-term effect of fees and expenses.

Asset Class: <b>Short-Term Fixed Income</b>	Investment Category: <b>Short Term Bond</b>				Inv Manager or Sub-Advisor: <b>Fidelity Management &amp; Research</b>

**Description:** The investment seeks to provide an above-average level of current income and reasonable long-term capital appreciation. The fund invests mainly in common stocks of mid-size and large companies whose stocks typically pay above-average levels of dividend income and are, in the opinion of the purchasing advisor, undervalued relative to similar stocks. In addition, the advisors generally look for companies that they believe are committed to paying dividends consistently. Under normal circumstances, it will invest at least 80% of its assets in equity securities. The fund uses two investment advisors.

Benchmark: <b>Morningstar US Large-Mid Cap Index</b>	2.72	25.07	25.07	8.50	14.36	12.91	-	-

**Description:** The investment seeks to track the performance of the CRSP US Total Market Index that measures the investment return of the overall stock market. The fund employs an indexing investment approach designed to track the performance of the index, which represents approximately 100% of the investable U.S. stock market and includes large-, mid-, small-, and micro-cap stocks. It invests by sampling the index, meaning that it holds a broadly diversified collection of securities that, in the aggregate, approximates the full index in terms of key characteristics. The fund is non-diversified.

**Description:** The investment seeks to track the performance of the Standard & Poor's 500 Index that measures the investment return of large-capitalization stocks. The fund employs an indexing investment approach designed to track the performance of the Standard & Poor's 500 Index, a widely recognized benchmark of U.S. stock market performance that is dominated by the stocks of large U.S. companies. The advisor attempts to replicate the target index by investing all, or substantially all, of its assets in the stocks that make up the index, holding each stock in approximately the same proportion as its weighting in the index. The fund is non-diversified.

Benchmark: <b>Morningstar US Mid Cap Index</b>	0.65	15.29	15.29	4.00	10.50	10.30	-	-

**Description:** The investment seeks to track the performance of the CRSP US Mid Cap Index that measures the investment return of mid-capitalization stocks. The fund employs an indexing investment approach designed to track the performance of the CRSP US Mid Cap Index, a broadly diversified index of stocks of mid-size U.S. companies. The advisor attempts to replicate the target index by investing all, or substantially all, of its assets in the stocks that make up the index, holding each stock in approximately the same proportion as its weighting in the index.

Benchmark: <b>Russell Midcap Growth Index</b>			8.14	22.10	22.10	4.04	11.47	11.54	-	-
<b>Description:</b> The investment seeks long-term capital appreciation. The fund normally invests at least 80% of its net assets in equity securities issued by U.S. mid-capitalization companies which the fund management believes have above-average earnings growth potential. The fund adviser generally defines these companies, at the time of the fund's investment, as those with market capitalizations comparable in size to the companies in the Russell Midcap(R) Growth Index. It primarily invests in common stock but also can invest in preferred stock, convertible securities and other equity securities.

<b>Description:</b> The investment seeks long-term capital appreciation. The fund invests primarily in the common stock of small U.S. companies. It will invest its assets so that at least 80% of its net assets (plus any borrowings for investment purposes) are invested in small companies. The fund adviser's investment strategy utilizes a small-cap approach by selecting most of its investments from companies listed in the Russell 2000(R) Index. The fund's investments may include, but are not limited to, equity securities of domestic issuers.

**Description:** The Trustee has retained Cohen & Steers Capital Management, Inc. (the "Adviser") to act as investment adviser to the Cohen & Steers U.S. Realty Fund (the "Fund"). The investment objective of the Fund is to seek to achieve maximum total return by outperforming its benchmark over the long term. The Fund seeks to meet its investment objective by investing in a diversified portfolio of common stocks of real estate companies and other permitted investments. The Cohen & Steers U.S. Realty Fund seeks to maximize total return by investing in publicly traded real estate companies, primarily domiciled in the United States.

**Description:** The investment seeks long-term capital appreciation. The fund invests primarily in a broad range of equity securities of companies located in emerging market countries. Emerging market countries include those currently considered to be developing by the World Bank, the United Nations, or the countries' governments. These countries typically are located in the Asia-Pacific region, Eastern Europe, the Middle East, Central America, South America, and Africa. Under normal circumstances, at least 80% of the fund's net assets, plus the amount of any borrowings for investment purposes, will be invested in emerging market issuers (80% policy).

## Important Information

Investors should carefully consider a mutual fund's investment objectives, risks, charges, and expenses prior to investing. A prospectus, or summary prospectus if available, containing this and other information can be obtained by contacting a financial professional, visiting [principal.com](http://principal.com), or calling 1-800-547-7754. Read the prospectus carefully before investing.

The value of the investment options will fluctuate so that when redeemed, shares or units may be worth more or less than the original cost.

An investment's past performance is not necessarily an indication of how the investment will perform in the future.

Since inception benchmark returns are displayed on the Investment Option Summary for investments that are less than 10 years old. The benchmark reflecting the Since Inception return is the Morningstar Category index. For some Sub-Advised investment options, two benchmarks will be displayed on the Investment Option Summary and the secondary index reflecting the Since Inception Return is the Morningstar Category index.

Investment Options may charge a short-term trading or redemption fee to protect the interests of long-term Contractholders.

Returns shown for periods of less than one year are not annualized. All returns displayed here are after net Total Investment Expense of the investment option.

For a Mutual Fund investment option, Total Investment Expense gross equals the sum of (a) the total fund operating expenses plus (b) if the mutual fund invests in other mutual funds, the weighted-average management fee of those other mutual funds, as listed in the most recent prospectus. The actual Total Investment Expense may change if the mutual fund investment option's allocation of assets to other mutual funds changes.

© 2019 Morningstar, Inc. All Rights Reserved. Part of the mutual fund data contained herein: (1) is proprietary to Morningstar and/or its content providers; (2) may not be copied or distributed; and (3) is not warranted to be accurate, complete, or timely. Neither Morningstar nor its content providers are responsible for any damages or losses arising from any use of this information.

Insurance products and plan administrative services are provided by Principal Life Insurance Company. Principal mutual funds are part of the Principal Funds, Inc. series. Principal Funds, Inc. is distributed by Principal Funds Distributor, Inc. Securities are offered through Principal Securities, Inc., 1-800-547-7754, member SIPC and/or independent broker/dealers. Securities sold by a Principal Securities, Inc. Registered Representative are offered through Principal Securities, Inc. Principal Funds Distributor, Principal Securities, Inc. and Principal Life are members of the Principal Financial Group® (The Principal®), Des Moines, IA 50392.

As allowed by their prospectuses several mutual fund companies have decided to impose redemption fees and/or transfer restrictions on certain plan and/or participant transactions. One or more of the investment options in your employer's retirement plan may be impacted. For more information, visit The Principal Web site at [principal.com](http://principal.com).

Any operating expenses of a mutual fund or underlying mutual fund that are part of net Total Investment Expense are obtained from the mutual fund's most recent prospectus. The operating expenses shown as part of net Total Investment Expense include voluntary expense limits and fee credit.

This report includes investment options that contain information from a variety of sources. Morningstar generally provides holdings information, operations data, and rankings or statistics proprietary to Morningstar. Morningstar is also the source of information on certain mutual funds.

These results are for the investment options available through your Plan Sponsor's retirement plan, and may be different from the results for other retirement plans. Past performance is not a guarantee of future results. Principal values and investment returns will fluctuate so that values upon redemption may be worth more or less than original costs. Total returns illustrated are net of investment expenses and management fees.

Since inception returns are only shown for funds/accounts in existence for less than 10 years.

- <sup>1</sup> Small-cap and mid-cap investment options are subject to more fluctuation in value and may have additional risks than other investment options with stocks of larger, more stable companies.
- <sup>2</sup> Each index based investment option is invested in the stocks or bonds of the index it tracks. Performance of indexes reflects the unmanaged results for the market segment the selected stocks or bonds represent. There is no assurance an index based investment option will match the performance of the index tracked.
- <sup>3</sup> International and global investment options are subject to additional risk due to fluctuating exchange rates, foreign accounting and financial policies, and other economic and political environments.
- <sup>4</sup> High yield investment options are subject to greater credit risk and volatility that is associated with high yield bonds.
- <sup>5</sup> Real Estate investment options are subject to investment and liquidity risk and other risks inherent in real estate such as those associated with general and local economic conditions. Property values can decline due to environmental and other reasons. In addition, fluctuation in interest rates can negatively impact the performance of real estate investment options.
- <sup>6</sup> Equity investment options involve greater risk, including heightened volatility, than fixed-income investment options. Fixed-income investment options are subject to interest rate risk, and their value will decline as interest rates rise.
- <sup>7</sup> Asset allocation does not guarantee a profit or protect against a loss. Investing in real estate, small-cap, international, and high-yield investment options involves additional risks.
- <sup>8</sup> Fixed-income investment options are subject to interest rate risk, and their value will decline as interest rates rise. Neither the principal of bond investment options nor their yields are guaranteed by the U.S. government.
- <sup>9</sup> Fixed-income and asset allocation investment options that invest in mortgage securities are subject to increased risk due to real estate exposure.
- <sup>10</sup> For investment options, returns for all time periods, except the Since Inception time frame, may include the historical performance of the oldest share class of the investment, adjusted to reflect a portion of the fees and expenses of this share class. Since Inception returns display the actual return of this share class and do not reflect the adjusted returns of the oldest share class. Please see the fund's prospectus or if CIT, the offering document for more information on specific expenses, and the investment options most recent shareholder report for actual date of first sale. For a CIT, you may need to contact the plan sponsor or plan advisor, if applicable. Expenses are deducted from income earned by the investment option. As a result, dividends and investment results will differ for each share class.
- <sup>11</sup> Selecting a target date fund series is also authorizing any additional vintage which is launched by the investment provider for the series, and included in their associated materials, to be added to the plan after proper notification.
- <sup>12</sup> There is no guarantee that a target date investment will provide adequate income at or through retirement. A target date fund's (TDF) glidepath is typically set to align with a retirement age of 65, which maybe your plan's normal retirement date (NRD). If your plan's NRD/age is different, the plan may default you to a TDF based on the plans NRD/Age. Participants may choose a TDF that does not match the plan's intended retirement date but instead aligns more to their investment risk. Compare the different TDF's to see how the mix of investments shift based on the TDF glide path.
- <sup>13</sup> Investing involves risk, including possible loss of principal. Equity investment options involve greater risk, including heightened volatility, than fixed-income investment options.
- <sup>14</sup> Collective investment trusts (CITs) are available for investment only by eligible retirement plans and entities. Participation in CITs is generally governed by the terms of a Declaration of Trust and a Participation or Adoption Agreement, which is signed by the retirement plans fiduciary at the time the plan invests in the CITs. In addition, various other documents may contain important information about the CITs including Fund Descriptions, Statement of Characteristics or Investment Guidelines, and/or other fee or investment disclosure documents. All of these documents may contain important information about CIT fees, investment objectives, and risks and expenses of the underlying investments in the CITs and should be read carefully before investing. To obtain a copy, you will need to contact the plan sponsor or trustee of the CIT.

- <sup>15</sup> Collective Investment Trusts (CITs) are not insured by FDIC or any other type of deposit insurance; are not deposits or other obligations of, and are not guaranteed by any firm or their affiliates; and involve investment risks, including possible loss of principal invested. CITs are not mutual funds and are exempt from registration and regulation under the Investment Company Act of 1940 (the 1940 Act), and their units are not registered under the Securities Act of 1933, or applicable securities laws of any state or other jurisdiction. Unit holders of the Funds are not entitled to the protections of the 1940 Act. The decision to invest in CITs should be carefully considered. The CITs unit values will fluctuate and may be worth more or less when redeemed, so unit holders may lose money. CITs are not sold by prospectus and are not available for investment by the public; Fund prices are not quoted in newspapers.
- <sup>16</sup> Total Investment Expense Net and Total Expense Gross is obtained from Morningstar or directly from the Trust Company and rounded to the nearest one hundredth. For additional information, please contact the plan sponsor or trustee of the Collective Investment Trust (CIT).
- <sup>E</sup> Investment option limits the number of transfers allowed into the investment option. All participant investment transfers and non-scheduled rebalancing activity are counted toward the number of transfers allowed. When the number of allowed transfers into the investment option is met, no additional investment transfers into the investment option will be allowed until the holding period elapses. Contributions into the investment option are not impacted.
- <sup>F</sup> Investment option limits transfer activity. Once the number of allowed transfers is met, participants are not allowed to transfer back into an investment option which they have transferred out of until the holding period elapses. All participant investment transfers and non-scheduled rebalancing activity are counted toward the number of transfers allowed. Contributions into the investment option are not impacted. Participants may still transfer out to different investment options or to money market or Guaranteed options.
- <sup>G</sup> Investment option limits transfer activity. Once the number of allowed transfers is met, participants are not allowed to transfer amounts valued at the threshold amount or more back into the investment option which they have transferred out of until the holding period elapses. All participant investment transfers and non-scheduled rebalancing activity valued at the threshold amount or more are counted toward the number of transfers allowed. Contributions into the investment option are not impacted. Participant transfers made for less than the threshold amount do not count and are not limited.
- <sup>H</sup> Investment option limits transfer activity. Once the number of allowed transfers is met, participants are not allowed to transfer back into an investment option which they have transferred out more than the threshold amount until the holding period elapses. All participant investment transfers and non-scheduled rebalancing activity more than the threshold amount are counted toward the number of transfers allowed. Contributions into the investment option are not impacted. Participants may still transfer out to different investment options, money market, or Guaranteed options.
- Principal Life works with each fund family to implement each funds' policy and establish frequent trading guidelines that best mirror Prospectus language. Mutual Fund Network investment managers have the ability to monitor for excessive trading and may enforce frequent purchase limitations in addition to or in lieu of policy monitored by Principal Life Insurance Company. Please refer to the Prospectus for verification.
