I want to personally welcome you to the Fidelity Bank family.

We're excited about what this next chapter means for our customers, as Affinity Bank, Newton Federal, and Fitness Bank become Fidelity Bank. While the transition to Fidelity Bank systems is expected to be completed in the fourth quarter of 2026, we wanted to take this opportunity to share what this means for you.

First and foremost, the personalized service and trusted relationships you value today will remain at the heart of your banking experience. Our organizations were built on the same belief—that banking is about people, relationships, and helping our customers succeed. As we come together, we are committed to preserving the community-focused approach you have come to know and expect.

In addition to the personal service you enjoy, you will gain access to a broader range of products and services, enhanced treasury and wealth management solutions, expanded lending capabilities, and improved digital banking technology designed to make banking more convenient and secure. You will also have access to a network of 58 locations across North Carolina, South Carolina, Virginia, and Georgia, giving you greater flexibility and convenience wherever you live, work, or travel.

Most importantly, you can continue banking just as you do today. There is nothing you need to do at this time. Our teams are working closely together to ensure a smooth and seamless transition, and we will communicate well in advance of any changes that may affect you.

Thank you for the trust and confidence you have placed in Affinity Bank, Newton Federal, and Fitness Bank over the years. We are honored to have the opportunity to serve you and look forward to building on the strong relationships that have made these banks such a valued partner in your financial journey. We are excited about the future and confident that, together, we can provide the best of both worlds—the personal attention of a community bank combined with the technology, products, and resources of a larger financial institution.

Welcome to Fidelity Bank. We look forward to serving you for many years to come.
